Technical data

| Mortising depth | $51 / 8$ Inch |
| :--- | :--- |
| Mortising width | $9 / 16,5 / 8,11 / 16$ Inch |
| Mortising length | $31 / 16$ Inch |
| Stroke／working travel | $67 / 8$ Inch |
| Nominal No．of strokes－no load | $57701 / \mathrm{min}$ |
| Nominal power input | 2.1 hp |
| Weight | 23.4 lbs |
| Universal motor | $230 \mathrm{~V} / 50 \mathrm{~Hz}$ |

Delivery specification

2 Chain bars cpl．；Ref．No． 091000
2 Sprockets；Ref．No． 091002
1 Allen key 5 mm；Ref．No． 093278
2 Mortising chains；Ref．No． 091001
1 Mains cable 4 m（13．1 ft）；Ref．No． 087323

## Examples for usage

Mortising lengths of 78 mm (3 1/16 in.) and mortising widths of 16 mm ( $5 / 8 \mathrm{in}$.) are possible with one cut. Wider and longer slots can also be made to the exact millimetre by following up with the SKS 130.

Two special mortising chains in opposite directions ensure tear-free work and optimum chip flow.

The chain bars are maintenance-free and do not need to be re-greased.

No longer a problem: quick, precise lock mortising is now possible on a mounted door.

## Applications

- Cutting mortises for lock cases (installation of safety locks)
- Compatible materials include doors made of wood and wood-based materials, solid wood

## Advantages

- Two special mortising chains in opposite directions - for tear-free work and optimum chip flow.
- Handy, ergonomic, compact construction - for on-site work on mounted doors.
- Two special mortising chains in opposite directions - for tear-free work and optimum chip flow.

## Description

The SKS 130 - the world's first portable special machine for mortising door locks.
The security needs of many house and apartment owners have increased considerably, so that more and more security locks are being fitted.

At 1600 watts ( 2.1 hp ), the SKS 130 cuts door locks of all sizes - completely tear-free!
The SKS 130 is clamped onto a large surface of the door. Due to the Pertinax/rubber surface of the clamping device, the door surface remains protected, whether mounted on site or in the workshop.

## Accessories / Tools

$\qquad$ Chain bars
14-18 mm (9/16-11/16 in.)
Mortising chain
$14 \times 38 \times 150 \mathrm{~mm}(9 / 16 \times 11 / 2 \times 57 / 8 \mathrm{in}$.)

Mortising chain
$18 \times 38 \times 150 \mathrm{~mm}$ ( $11 / 16 \times 11 / 2 \times 57 / 8 \mathrm{in}$.)

8888
Replacement chain links + rivets 16 mm (5/8 in.)

Sprocket
14-18 mm (9/16-11/16 in.)
Mortising chain
$16 \times 38 \times 150 \mathrm{~mm}(5 / 8 \times 11 / 2 \times 57 / 8 \mathrm{in}$.)

Replacement chain links + rivets
14 mm (9/16 in.)

8888
Replacement chain links + rivets 18 mm (11/16 in.)
